EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr Steve Hudnut on 16 February 2006.

The application has been amended as follows:

Claim 23 has been amended by adding the phrase, **--across a portion of the opening, --** in line 5, after the word "extending."

The following is an examiner's statement of reasons for allowance: The prior art made of record fails to show a method and device for retaining a lead line for hitching an animal, wherein the device comprises a frame and a retaining member having a surface configured to engage the lead line, said surface extending across an opening in the frame, and at an angle relative to the opening, such that a portion of the surface is disposed proximate an interior portion of the opening, further from the peripheral region of the opening. Further where the device is connected to a stationary object via an eyebolt structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
